Request for Reconsideration of Petition Under 37 C.F.R. 1.47(a)

Commissioner for Patents
Washington, D.C. 20231

Sir:

In Reply to the Decision Refusing Status Under 37 C.F.R. 1.47(a), Paper No. 7,
Applicants submit the following Remarks and Declaration.

It is not believed that extensions of time or fees for net addition of claims are required beyond those that may otherwise be provided for in documents accompanying this paper. However, if additional extensions of time are necessary to prevent abandonment of this application, then such extensions of time are hereby petitioned under 37 C.F.R. § 1.136(a), and any fees required therefor (including fees for net addition of claims) are hereby authorized to be charged to our Deposit Account No. 19-0036.

Remarks

Paper No. 7 indicates that the Petition Under 37 C.F.R. 1.47(a) was dismissed because the Applicants allegedly did not present the missing inventor with the application papers along with the declaration.

RECEIVED

SEP 26 2002

OFFICE OF PETITIONS

Applicants did present the application papers (including the specification, claims, and drawings) to the missing inventor, Mr. Frank Carr, on each occasion that the declaration was sent to Mr. Carr. More specifically, the application papers were sent to Mr. Carr on January 11, 2002 and February 21, 2002, along with the declaration. The Statement of Facts, filed on April 10, 2002, inadvertently failed to mention that the application papers accompanied the declaration. A new Statement of Facts is included to correct the record.

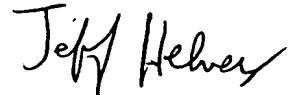

After receiving Paper No. 7, the Applicants learned of Mr. Carr's new address, and re-sent the application papers and declaration to Mr. Carr's new address on August 14, 2002. Applicants subsequently received a fax copy of the signed declaration from Mr. Carr on September 20, 2002, which is included with this Reply.

Accordingly, based the Remarks above and the attached signed Declaration, Applicants assert that the requirements of 37 C.F.R. 1.47(a) have been met. Therefore, Applicants request the reconsideration and granting of this Petition. Alternatively, Applicants assert that the requirements of 37 C.F.R. 1.53(b) have now been met because a signed declaration has been filed for all of the inventors.

Prompt and favorable consideration of this Petition is respectfully requested.

Respectfully submitted,

STERNE, KESSLER, GOLDSTEIN & FOX P.L.L.C.
